Testimonials from Fiesta Visitors

*"The Mass Ascension was seriously one of the most amazing experiences of my life."
"Awesome. That's the only word to describe the Balloon Fiesta."*

Why Albuquerque for the Fiesta?

Part of the reason for the success of the Fiesta is the cool Albuquerque morning temperatures in October and the Albuquerque box. The "box" is a set of predictable wind patterns that can be exploited to navigate the balloons. At low elevations the winds tend to be southerly (from the south), but at higher elevations they tend to be northerly. Balloonists use these winds to navigate in a vertical box: they ascend slightly from the launch park, move south, ascend further, move north, descend, and repeat the box or land back in the launch park or quite nearby.

ALL SEATS FIRST CLASS! So come join the fun,
embark upon a journey of uniqueness!

The new Mexico skies are painted as hundreds of balloons lift off from Albuquerque's 365-acre Balloon Fiesta Park. Nothing rivals the power of Mass Ascension on crisp early mornings as these graceful giants leave the ground to take their place in the cerulean desert sky. For ballooning fans worldwide, the Albuquerque International Balloon Fiesta is a pilgrimage. There's something for everyone to enjoy...whimsical special shapes filled with equal parts of hot air & wonder; the smell of roasting chiles; and the thrilling roar of hundreds of burners simultaneously igniting at nightfall, turning the Park into a huge lighted Christmas tree of colorful balloons. The Balloon Fiesta, with its modest beginnings in 1972 with only 13 balloons, is now the most photographed event on earth as hundreds of balloons color the sky! Imagine 54 football fields all put together, that's the size of the launch field! Guests are privileged to walk the field & be part of the action.

Preparing for our ride

Day 1 - Home to Albuquerque, NM

We board our morning flight excited and full of anticipation to experience first-hand and up-close one of the world's most spectacular and colorful events. To get ourselves adequately prepared for the adventure of the next few days, we visit the Anderson Abruzzo International Balloon Museum. Let your imagination soar as you discover the world of ballooning. This world class museum showcases a vast collection of balloons, art work, and aerial artifacts. The exhibits show the history of ballooning and highlights the science that has thrilled human imagination for more than a century. Our comfy home the next four nights is the beautiful Drury Inn, carefully selected for its convenient location just a short distance from the Balloon Fiesta Park. This evening our included welcome dinner is proudly served at El Pinto Restaurant, voted Best New Mexican Restaurant in Albuquerque, New Mexico according to the "Best of City" annual survey conducted by Albuquerque the magazine. Come see why el Pinto is the local favorite for authentic New Mexican Cuisine! They use the recipes of the owners' grandmother, Josephina Chavez-Griggs. Their family was the first to differentiate their cuisine as "New Mexican."

Day 3 - Albuquerque

Another early morning with the same routine as yesterday with the exception of our location! Today's visit to the Fiesta will be at the Chasers Club. The Chasers Club is located in the North end of the launch field. Here we will again have private seating in an outdoor patio located next to the launch field. Once inside the Chasers Club you can enjoy a hot food item along with refreshments. The Mass Ascension of hundreds of colorful hot air balloons in the early morning New Mexico sky is one of the most awe-inspiring scenes you will ever experience. Words are incapable of describing this. You will have the freedom to "walk the field," observing the balloonist crew prepare for flight and feel the power and thunder of their mighty burners. This afternoon the Albuquerque Museum enriches our visit to this beautiful area. The museum's regional art collection focuses on the Amercian Southwest and its history & photo archive collections primarily relate to the life and culture of Albuquerque and the middle Rio Grande Valley. The museum is also perfectly located in Old Town where we will have extended time to explore this interesting, historic area. Old Town has been the focal point of community life since it was founded in 1706. Centered around the plaza, Old Town encompasses about ten blocks of historic adobe buildings. On the north side of the plaza is the San Felipe de Neri Church, the oldest building in the city, built in 1793. Surrounding the church, settlers built their homes, shops and government offices, many of which have since been converted into the restaurants, art galleries, and shops that comprise Old Town today, leaving it look much like it did when it was built centuries ago. Its Pueblo-Spanish style architecture with flat-roofed buildings and soft contours of adobe mirror the Southwestern landscape. Long portals (porches) line the fronts of most buildings, offering shade from the New Mexican sun. Bancos (benches) are often found built into the back walls of the portals, providing the perfect place for weary walkers to sit and watch the world go by. For almost three centuries, Old Town has been the crossroads of the Southwest. Enjoy dinner in Old Town at the High Noon Restaurant.

Included Meals: Breakfast, Dinner

Day 4 - Santa Fe

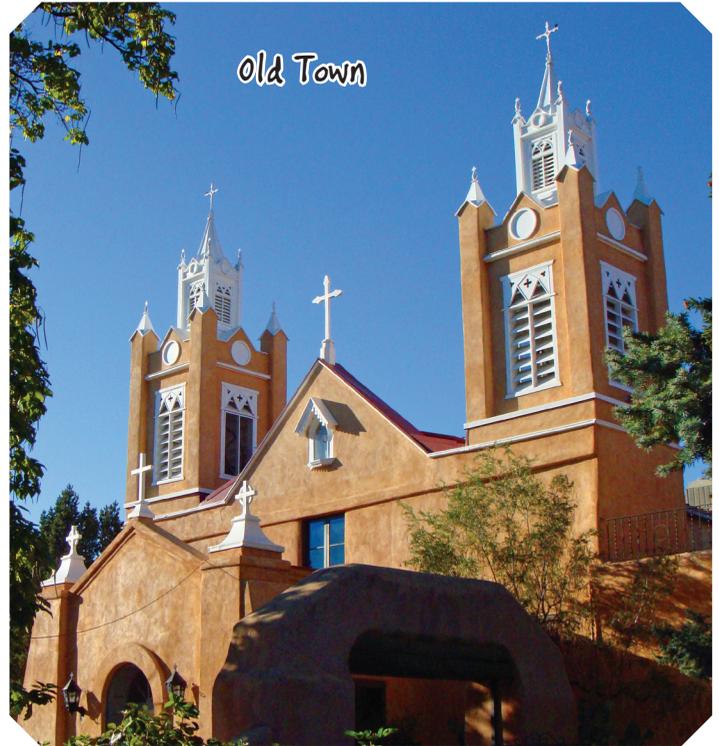

Following hot breakfast at our hotel, we board the motorcoach for today's destination, Santa Fe, New Mexico - a magical, exuberant, colorful journey at any time of year. Its legendary history & culture will fascinate and inspire you. The city of Santa Fe was originally occupied by a number of Pueblo Indian villages, with founding dates between 1050 to 1150. One of the earliest known settlements, in what today is downtown Santa Fe, came sometime after 900 CE. A Native American group built a cluster of homes that centered around the site of today's Plaza and spread for half a mile to the south and west. This is some of the oldest living history in all of America! There will be time for shopping & exploring. We make the restaurant choice easy however, as we host lunch at a popular venue noted for its superb and authentic cuisine. We return to Albuquerque via the scenic route.

Included Meals: Breakfast, Lunch

Our last breakfast in the Southwest fairyland is appreciated at the hotel before our City Tour of Albuquerque! Our Step-on-Guide will take us around the city of Albuquerque and show us the sights before dropping us at the airport for our direct flight home.
