Enjoy the beauty of the drive and the friendship of newly met traveling companions as we edge closer to our "Lighthouses and Lobster" destination: Maine! Dinner tonight will be included.

Included Meals: Breakfast, Dinner

Hotel: Hampton Inn

Day 4 - West Springfield to Wells, ME

After traveling across the country the last few days, our first taste of Maine is only a little over an hour away. We actually travel about 15 miles thru coastal New Hampshire before crossing the Piscataqua River. And there it is: "Welcome to Maine" - "The Way Life Should Be." We spend the next eleven days discovering that! The "Maine Event" starts at Kittery Point, the southernmost point of Maine and the home to Frisbee's 1828 Market. From the ruins of Fort McClary we are able to spot our first two lighthouses: Whaleback Light and Fort Constitution Light (which is actually in New Hampshire). True to the nature of this tour, the backroads will be our preferred routes

of travel, often through genuine coastal villages. Our pace of travel will be leisurely, so we can truly enjoy this unique experience.

Cape Neddick is a favorite destination, even for frequent coastal Maine visitors. The reason: Nubble Lighthouse, a classic coastal site. The original tower built in 1879 still stands - Awesome! What better way is there to enjoy our first Maine meal together than in view of this historic and picturesque sight at Fox's Lobster House. Following our midafternoon meal we journey to Ogunquit Beach, recently rated as one of America's Top 10. No time for swimming or surfing but the sight is amazing! Our comfortable home for the evening is the picturesque Ogunquit River Inn, bordering the Ranchel Carlson Wildlife Refuge. Watch for birds and other wildlife!

Included Meals: Breakfast, Lunch

Hotel: Ogunquit River Inn

Day 5 - Wells to Portland, ME

Just up the road is one of the most well known spots in all of Maine. The world may have first heard of Kennebunkport when George H. W. Bush was president, but the family has owned their summer estate for 3 generations. We'll drive by the amazing Wedding Cake House on our way into town. We'll have ample time in this classic harbor village to explore and enjoy. Meander through Dock Square

Nubble Lighthouse - built in 1879 and still standing!

Fort McClary - the blockhouse was built in 1844

where one-time fishing shacks have been restored into shops, galleries and dining spots. We will take a Trolley tour of this quaint village which includes a drive along Ocean Ave that will give us a glimpse of the Bush family home across Sandy Cove. Our final stop before arriving at our beautiful hotel is Len Libby Chocolatiers of Maine. We'll meet Lenny, the world's only life size chocolate moose! Dinner is included this evening at the hotel.

Included Meals: Breakfast, Dinner
Hotel: Embassy Suites (2 Nights)

Day 6 – Portland

Portland is often described as one of the 10 best places to live, eat and play as it is a beautiful harbor city with a small town feel. We'll spend the next couple days exploring the highlights. Enjoy a guided tour of the city, plus a cruise of Portland Harbor, Casco Bay with close-up viewing of Bug Light and Spring Point Ledge Lighthouse. We will have time to leisurely discover tiny shops, cobblestone sidewalks, replica streetlights and scores of eateries along the waterfront. Dining will be a special ocean to table experience on the wharf. We'll see the lobster being brought in!

Included Meals: Breakfast, Dinner

Day 7 – Portland to Bath, ME

Fort Williams on Cape Elizabeth is home to Portland Head Light, commissioned by President George Washington and first lighted in 1791. One of the most recognized and photographed lighthouses, Portland Head certainly lives up to your expectations. Plus the surf here is awesome. You will have ample time to photograph the lighthouse from many angles as well as visit the restored keeper's house. This is truly an inspirational experience! From here, we'll also be able to view the Ram Island Light. We depart the "big" city and begin our sojourn north into what is popularly known as the Mid-Coast region. Shortly we enter Freeport, and although it is not so well known, it is the historic origin of the State of Maine in 1820. However, it is much better known as the home of the sporting giant L.L. Bean. You'll have time to browse, enjoy a tasty treat in the inviting coffee shop, and certainly have your picture taken by the giant boot that greets all guests. Bath is our destination for the next two evenings. On our way we motor through the quaint village of Brunswick, home of the historic Bowdoin College. Noted graduates are Nathaniel Hawthorne, Henry Wadsworth Longfellow, President Franklin Pierce, explorer Robert Peary and senators George Mitchell and William Cohen. Bath may be small in size but it's big in impact, as we'll discover tomorrow! Our beautiful hotel overlooks the

broad Kennebec River. This evening we'll enjoy a delightful dinner together at a local establishment for a true Maine experience.

Included Meals: Breakfast, Dinner
Hotel: Hampton Inn of Bath (2 Nights)

Day 8 – Bath

Just when it doesn't seem like it could get any better – it does! (By the way, this happens every day!) Bath's centuries of historic and architectural tradition and well preserved Victorian downtown have earned it the prized designation as a "Distinctive Destination." Giant cranes dominate the waterfront at the huge Bath Iron Works, source of state-of-the-art warships. Known locally as "The Yard," BIW has been building ships on this 50 acre riverfront property since 1890. Currently its 5,700 employees build destroyers for the US Navy. A step on guide will join us to share information about the facility! Nearby is the state's premier Maine Maritime Museum, which is sure to become part of our Bath time memories. Lunch is on R&J today at one of the area's quaint little spots. Then on our way to Boothbay Peninsula, we travel through Wiscasset, billed as "The Prettiest Village in Maine." Passing through Boothbay we arrive at Boothbay Harbor. This scenic bayside village is a boat lover's dream, loaded with fishing craft and pleasure yachts nestled by shops, galleries, and restaurants. You'll have time to stroll across the 1,000 foot long footbridge stretching across the harbor since 1901. Our visit to this area is not complete without a stop at an ice cream store that has become well known for its wonderful homemade ice cream.

Included Meals: Breakfast, Lunch

Day 9 – Bath to Camden

Our destination this morning is the Pemaquid Peninsula and Pemaquid Point Lighthouse. We'll travel through the villages of Newcastle, Damariscotta and Bristol to the open water of the Atlantic - what a beautiful sight! This is one of Maine's most photographed lighthouses, so we are planning plenty of time here to soak it all in. Shortly after departing we pass through New Harbor, another one of Maine's "most photographed fishing villages." Our winding backroads route takes us to a true backroads hidden gem. Here we have lunch while enjoying a fantastic view! Moving on to Thomaston, we discover one of the most unique shops you'll ever visit. The Maine State Prison Showroom offers all inmate-made crafts and merchandise, and will be some of the most ingenious, useful and quality made products you've ever seen. Afterwards, we gain our first glimpse of the Penobscot Bay as we enter Rockland. This bayside village is touted as "The Lobster Capital of the World." Here boat-filled harbors, sandy pocket beaches, soaring spruce trees, lighthouses and fishing villages pepper the shoreline. The Maine Lighthouse Museum in Rockland is the most comprehensive collection of artifacts related to lighthouses, the Coast Guard, and the sea in the nation. You'll have dinner and evening on your own to explore the Camden area.

Included Meals: Breakfast, Lunch
Hotel: Camden Riverhouse (2 Nights)

Day 10 – Camden

Today after breakfast will be a day of exploring Camden, known as the “Jewel of the Maine Coast.” This afternoon we’ll have an experiential day in the life of a lobsterman with an opportunity to climb aboard a lobster boat and maybe even pull in some lobster traps! What an experience! We will visit Camden’s neighboring town, Rockport. Spend some time in this quaint harbor village and be sure to see the beautiful Vesper Hill Children’s Chapel built in 1960. Also this afternoon, we’ll enjoy the sights of beautiful blueberry fields along some back roads of Maine. This evening we have included dinner in this quaint area.

Included Meals: Breakfast, Dinner

Day 11 – Camden to Bar Harbor

This morning we make our way out to Owls Head Ledge to view the heralded Owls Head Lighthouse. Nearby, nestled in remote Owls Head Harbor are fishing boats, lobster traps, colorful lobster buoys and working docks. This area is called “The Lobster Capital of the World.” Our day will include a fascinating visit with a lobsterman and hearing his harrowing story and interesting details of his trade! We will enjoy listening as he shares his experience, that you may recall from the 1985 Reader’s Digest, of surviving on a buoy! As we continue our journey, we follow the shoreline of Penobscot Bay, traveling through some of the most picturesque bayside villages on the coast. There’s Rockland with its peaceful harbor and Camden is recognized worldwide on calendars, post cards and photo books. Then there is Belfast, noted as one of the top 10 coolest towns in the US. You’ll enjoy lunch on your own. Next we experience the Penobscot Narrows Suspension Bridge - an absolutely amazing sight! We will ride the elevator to the top of the tallest bridge observatory in the world. On a clear day, views from the 420 foot high tower extend all the way to Cadillac Mountain in Acadia. After crossing the bridge we leave our seaside views until we reach Mount Desert Island and enter the village of Bar Harbor. For the next two nights we will stay at one of Maine’s premier oceanfront resorts, Harborside Hotel Spa & Marina, which is beyond adequate description! This is all and more of what you envision this Maine experience to be. Our “welcome to Bar Harbor dinner” this evening is a fabulous Lobster Bake! Enjoy the evening and soak it all in!

Included Meals: Breakfast, Lobster Bake

Day 12 – Bar Harbor

Prepare for an amazing day! It starts with a wonderful breakfast at the Inn overlooking Frenchman Bay and the Porcupine Islands. This morning we are privy to a guided tour of Acadia National Park by a local expert guide. Mountains tumbling to the sea, ocean waves surging to the rugged rocks, pristine blue lakes and soaring cliffs - Acadia is a wonder! We’ll see the unique Thunder Hole, Sand Beach, Otter Cliffs, and soar to the summit of Cadillac Mountain. This is the highest point along the North Atlantic seaboard. The vistas are unprecedented as you can see for over 100 miles in every direction. The summit is the first US soil the sun touches each morning! This afternoon we are treated to a cruise of Frenchman Bay among the Porcupine Islands aboard the Margaret Todd, a windjammer schooner. Wow! Simply enjoy the rest of the day and evening browsing, relaxing, exploring and dining in this iconic Maine seacoast setting!

Included Meals: Breakfast

Day 13 – Bar Harbor to Revere, MA

Following another relaxing breakfast in this magic place we continue our journey. We leave the seacoast and head for the wooded beauty of inland Maine. Arriving in Bangor, we discover a city rich in the history of...shipping! Lumber no less. It was the lumber capital of the world in the 19th century celebrated by a gigantic statue of Paul Bunyan! Here we are treated to a tour of the Cole Land Trans-
