Lewis & Clark Riverboat Cruise - Bismarck

SUMMER 108

Ernest Hemingway once quipped, *“A lot of state, this Idaho, that I didn’t know about.”*

*That’s probably true for all of us!*

Nestled against the western side of the continental divide of the Rocky Mountains, Idaho is vast and diverse. **Northern Idaho** gleams with emerald green **hillsides** and sparkling **lakes** of all sizes. Rugged **mountains**, **wilderness**, and rolling **farmland** make up central Idaho. The **Snake River Plain**, with its wide open vistas, lush farmlands, and vibrant cities, forms the character of **southern Idaho**. Wherever you travel in Idaho, you’ll find **spectacular scenery** and a place that’s unhurried, unspoiled, and unassuming – perfect for our **backroads adventure!**

### Day 1 - Home to Bismarck, ND

We depart with great anticipation of a new travel adventure. We stop along the way for morning coffee and lunch on our own before our late afternoon arrival in Bismarck. We enjoy an included welcome dinner aboard a delightful river cruise this evening.

**Included Meals: Welcome Dinner**

Lunch on our own and a coffee break are scheduled as we make our way across vast Montana. Today we realize that the “Big Sky Country” is really true! We arrive at Bozeman’s C’Mon Inn, nestled in the hub of Montana’s Rocky Mountains just 90 miles from Yellowstone Park. You will love being surrounded by mountains on all sides. Dinner is on our own this evening with a couple choices close by. Sleep will come quickly as we breathe in the fresh Montana mountain air.

**Included Meals: Breakfast**

### Day 3 - Bozeman to Wallace, ID

Hot breakfast is provided at the C’Mon Inn. This morning is not just “another ordinary travel day.” This stretch of interstate is one of the most incredible and scenic drives in all of America. We then move on along the river valleys of the Bitterroot Mountains to Wallace, Idaho, a little hamlet you will not soon forget. The entire town of Wallace is on the National Historic Register, famous for its rich silver mining and logging heritage. This afternoon we tour the Sierra Silver Mine, the Wallace District Mining Museum if you’d like, and more. After our afternoon in Wallace, the coach will take us to the Wallace Inn to check in and enjoy a complimentary wine & cheese social. Our included dinner tonight will be served at the Inn.

### Day 9 - Twin Falls to Idaho Falls, ID

Breakfast at the hotel is served before our full day of travel and sightseeing. The view out the coach windows takes on a whole new look than we've been accustomed to since entering Idaho. Traveling through the desert of Idaho and the lava beds all around us, we arrive at Craters of the Moon National Monument. The Craters of the Moon Lava Field spreads across 618 square miles and is the largest lava field in the lower 48 U.S. states. The 60 distinct lava flows that form the Craters of the Moon Lava Field range in age from 15,000 to just 2,000 years. It derives its name from its realistic moonscape appearance. Lunch today will be in the tiny desert hamlet of Arco, the first community in the world ever to be lit by electricity generated by nuclear power. This occurred on July 17, 1955, powered by Argonne National Laboratory's BORAX-III reactor at the nearby National Reactor Testing Station (NRTS), which eventually became the site of the Idaho National Laboratory. Following lunch our journey then takes us to Blackfoot where we tour The Potato Museum and discover first hand why Idaho is referred to as "The Potato State." Arriving at the Holiday Inn Express in Idaho Falls we have completed our day of travel. Tonight we go back to the 1950s for great food & fun at Dixie's Diner.

### Day 10 - Idaho Falls to Riverton, WY

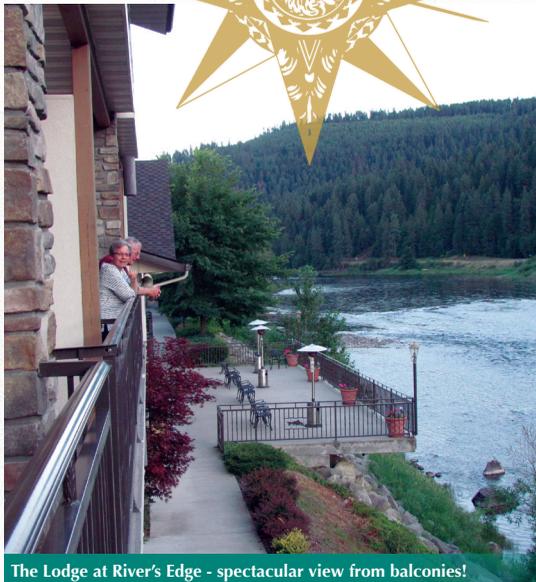

We depart early this morning, traveling on one of the most scenic drives of our journey through the Grand Tetons to Jackson, Wyoming. We arrive at the banks of the Snake River for a fantastic float trip down the now peaceful Snake River. We'll enjoy our picnic lunches aboard our rafts as we float down the river! See the awesome Teton Range like never before, much like John Colter first did in 1807 when he discovered this incredibly beautiful and unspoiled place. This just might be the highlight of the

trip! The serene yet powerful Snake River winds timelessly through the history of Jackson Hole beneath the geological grandeur of the majestic Grand Tetons. This river ecosystem is a bird watchers paradise where Golden & Bald Eagles prevail and herds of elk, mule deer, and moose abound. The rafts will gently carry us along one of the most beautiful stretches of river our country has to offer. Next is Moran Junction, known to be one of the most spectacular unheralded drives through the Bridger Teton National Forest and over Togwotee Pass. Watch for the ever-present possibility of wildlife gracing the wide-open fields of classic Wyoming ranch country. As we continue our drive, we will stop near Dubois at The National Museum of Military Vehicles, established in 2020. On display are more than 500 military vehicles and a significant firearms collection along with other artifacts. Our hotel tonight is the Hampton Inn in Riverton, WY. Dinner tonight will be a sandwich and salad buffet at the hotel.

**Included Meals: Breakfast, Lunch, Dinner**

### Day 11 - Riverton to Keystone, SD

After breakfast we will be on our way across the high wide open spaces to Casper and then Lusk, Wyoming before entering the Black Hills country of South Dakota. Crazy Horse Memorial is our next stop and it is an unbelievable work of art in progress. After leaving Crazy Horse Memorial we visit majestic Mount Rushmore, the landmark memorial tribute to our great former presidents carved in the side of a mountain out of solid rock.
