Prince William Sound Cruise

Explore the beauty and grandeur of Prince William Sound on one of these unforgettable cruises. Look forward to breathtaking scenery, towering waterfalls, massive glaciers and wildlife such as: eagles, harbor seals, otters and whales. Rather than sailing from glacier to glacier, we stop at each one, floating among the icebergs, giving you plenty of time to take in Mother Nature's glorious ice sculptures. Listen to the glaciers as they groan and crack, an indication that enormous sections of ice are about to calve off and splash into the bay.

Morning is the best time to see wildlife in the park, so travel deep into Denali National Park on a Tundra Wildlife Tour. Keep in mind that you are entering a self contained undisturbed preserve and the animals are in their natural habitat.
