## Day 3 - Bryce Canyon

Enjoy breakfast at the Inn before we embark on a day of touring spectacular Bryce Canyon National Park. Experience thousands of delicately carved spires as they rise in brilliant color from the amphitheatres of Bryce Canyon. Millions of years of wind, water and geologic mayhem have shaped and etched the cliffs at Bryce, which isn't actually a canyon but the eastern slope of the Paunsaguant Plateau. Motor along the rim road, where magnificent spires known as "hoodoos" show colors of pink, orange, and red. We may see wildlife, including pronghorn, coyotes, marmots, and prairie dogs. Bryce Canyon is famous for its hiking trails, offering a closer look at bird species and colorful wildflowers. Return to the Inn for a restful evening.

**Included Meals: Breakfast**

## Day 4 - Bryce Canyon to Moab, UT

Today we'll make our way to Moab, UT. Moab is just outside of Arches and Canyonlands National Parks. Our drive will take us through Grand Staircase-Escalante National Monument via Scenic Byway 12, an All American Road. Traveling over the Hogback, we continue our drive toward Boulder Mountain in the Dixie National Forest and on towards Capitol Reef National Park. ## Day 5 - Arches & Canyonlands National Park, UT

Today we tour Arches National Park which contains the world's largest concentration of natural stone arches. This National Park is a red, arid desert, punctuated with oddly eroded sandstone forms such as fins, pinnacles, spires, balanced rocks, and arches truly "miracles of nature." Canyonlands National Park includes a huge area of rugged land west and south of Moab, Utah. It consists of canyons and plateaus carved by two mighty rivers - the Colorado and the Green. Later we'll return to the Lodge for dinner and a restful evening.
